Imperial, CA 92251

Subject: Community Facilities District – Beech Canal Relocation

Dear Mr. Ross:

The City of Calexico (City) understands that the Imperial Irrigation District (IID) Water Department is interested in forming a Community Facilities District (CFD) for the proposed relocation of the Beech Canal along Cole Road in Calexico. Please accept this letter as the City's confirmation of support for the project and CFD.

While the Beech Canal serves its conveyance purpose delivering irrigation water to agricultural users, the City appreciates that the existing Beech Canal channel conflicts with proposed development and widening of Cole Road. As such, relocation of this segment of IID's canal system will serve to enhance infrastructure in this area.

We commend your proactive efforts. Let us know if the City can be of any further assistance in the completion of this important project

Sincerely,

Mr. David Ouzan, Mayor
City of Calexico
